SUMMARY

I graduated from Ege University, Department of Statistics in 2024. Since I am interested in software and finance, I chose courses related to these fields during my undergraduate studies. In addition to the education I received at my university, I also pursued training aimed at meeting the needs of the industry in order to develop myself in the field of data science. My career goal is to gain experience, improve myself, and increase my proficiency in the fields of statistics and data science, while producing value-added work in these areas.

EDUCATION

Ege University Department of Statistics GPA: 3.29	2018 - 2024
